

while permitting free pivotal movement of the chassis in such a way to permit alignment of the roller on the drum in the event of pivoting.--.

REMARKS

The present Preliminary Amendment has been entered for the purpose of placing the application into a more proper U.S. format. In particular, certain grammatical and idiomatic inconsistencies have been corrected by amendment to the specification.

The specification has been amended so as to add the proper headings before the various sections of the application.

The Abstract has been amended so as to conform with U.S. requirements.

Applicant respectfully requests that the present Amendment be entered prior to an initial Official Action on the present application.

Respectfully submitted,
